WORK EXPERIENCE

Full Stack Ruby on Rails developer
Finlink [15/10/2021 – Current]

City: Berlin | **Country:** Germany

Full Stack Ruby on Rails Developer
Bayt [26/04/2017 – 15/10/2021]

City: Lahore | **Country:** Pakistan

Back End Developer
Ebryx [07/10/2015 – 24/04/2017]

City: Lahore | **Country:** Pakistan

EDUCATION AND TRAINING

Bachelors in Software Engineering
Punjab University [10/10/2011 – 15/08/2015]

City: Lahore | **Country:** Pakistan | **Website:** https://www.pu.edu.pk/

DIGITAL SKILLS

Ruby / Ruby on Rails / Vue.js / React.js / AWS / Heroku / RSpec / Docker / AWS - Lambda, ECS, EKS, S3, API Gateway, Serverless / Databases (PostgreSQL/PostGIS, MySQL, Redis) / HTML 5: HTML/CSS/ JQuery / Payment Methods(Stripe, PayPal) / Knowledge of saas,Git/Github,scrum / Algolia search, Elasticsearch,... / Working knowledge of SEO optimization / Full-Stack Developer

PROJECTS

Yallamotor Ruby on Rails, Ruby, Rspec, MemCache, Sphinx, Redis, MySql, Javascript, AWS Microservices, Capistrano, Imagemagick, Material UI, SEO

- Played a key role in backend and frontend development, including UI changes, deployments, and enhancements.
- Improved database queries and optimised performance.
- Developed dashboards for dealers, implemented payment integrations, and set up auto-payment systems for dealers.
- Provided customised solutions, managed web services, and maintained white-label clients' websites
- Enhanced search facets and overall search functionality.
- Maintained and upgraded the website, ensuring seamless user experiences and robust performance.
- Reduced image upload response time and server load using AWS Lambda, S3, and API Gateway
- Implemented SEO strategies and white-label solutions for high-profile clients (Eye of Dubai, Erem News, Eye of Riyadh)
- Fixed over 1,000 Google Search Console and HTTP 500 errors, increasing monthly sessions to 3.5 million

CoachVantage Vue.js, Ruby on Rails, Ruby, Rspec, Postgresql, Stripe, GraphQL, Hasura, Docker

• Integrated Stripe functionalities including Stripe Connect, Subscriptions, and Checkouts.
• Configured Stripe to handle separate payment processing for different businesses, allocating a percentage of
each transaction to the web admin.
• Set up Stripe invoices, discounts, and callbacks, enhancing the platform's payment management capabilities.
• Managed Unsubscriptions, product and price creation, and meter usage tracking through Stripe.
• Developed and added new features to the platform using Vue.js, improving user experience and functionality.
• Created a real-time chat feature, enhancing communication capabilities within the platform.
• Automated task management processes using Vue.js, streamlining workflows and improving efficiency.
• Collaborated closely with backend developers to integrate Vue.js components with Ruby on Rails and GraphQL
APIs.
• Conducted specs testing using Rspec

Finlink Ruby on Rails, Ruby, Rspec, Azure, Engines, Swagger, Mysql, Heroku, Web Services, Kubernetes

- Developed complex API solutions within the engine architecture
- Integrated banking APIs for mortgage offers and interest rates
- Created API documentation for internal and external use
- Conducted specs testing using RSpec

Link: www.finlink.de

Maisonette React.js, Ruby on Rails, Ruby, Algolia, Rspec, Mysql, Circle CI/CD

- Implemented Algolia Search and Facets for enhanced product search-ability
- Worked on FE to add search features and facets
- Collaborated with the marketing team to optimize product data for marketing initiatives
- Conducted bug fixes, debugging, performance improvements, and code reviews
- Ensured smooth and bug-free deployments through thorough quality assurance and unit testing
